

**FOUR GENERATIONS**—This family group, photographed recently at the home of Mr. George E. Neikirk, 1348 Euclid street N.W., represents four generations. Left to right: Mr. Neikirk, 78, great-grandfather; Mrs. Helen Hayworth, 20, mother, and Mrs. Edna N. White, 45, who is holding her 11-month-old granddaughter, Lynda Marie Hayworth. —Harris-Ewing Photo.

## Army Cadets to Get 2 Years of Spanish, Will Study German

'No Goose-Step Training,' However, Stimson Says At Press Conference

By the Associated Press.

West Point cadets hereafter will double the time they have been spending on Spanish and also will take up the study of German.

Announcing this to his press conference today, Secretary of War Stimson added with a smile: "This doesn't mean there will be training in the goose step."

Maj. Gen. Robert C. Richardson, public relations chief and former commandant at West Point, said German would be studied because so much modern military literature was in that language.

Two Years of Spanish. Mr. Stimson also announced: A new Army morale division has been ordered created, as an executive agency to carry out recommendations of advisory groups on recreation for troops. It will be headed by Brig. Gen. James A. Ulio, assistant adjutant general.

Because of mounting numbers of Army flying cadets, 44 basic trainer planes used by Reserve fliers have been ordered transferred to Randolph Field, Tex., Air Corps training center.

Arrangement Temporary. Mr. Stimson said that in November and December these planes were used an average of only 30 hours a month, whereas at Randolph Field they would be used about 60 hours a month. He described the arrangement as temporary and as "one of the corners we have to turn to speed up and use to the utmost the limited facilities we have available." The Army will liberalize the opportunities for candidates for officer's commissions, Mr. Stimson said, with an order providing that men serving only one year could continue their three-month officer training even though their single year's military service had expired in the meanwhile.

## Attend Son's Graduation

Mrs. Henry Grattan Doyle, president of the Board of Education, was in Evanston, Ill., today to witness the graduation of her son, Henry Grattan Doyle, jr., from the Naval Reserve Training School.

Mines of Peru greatly increased production in the last year.

## Pennsylvania Turnpike Has No Speeding Arrests

By the Associated Press.

HARRISBURG, Pa., March 14.—The Pennsylvania motor police disclosed today none of the 662,416 motorists who have used the Pennsylvania turnpike since it opened six months ago were arrested for speeding.

Those arrested by the 60-man police force patrolling the express highway from Carlisle to Irwin were charged with reckless driving.

Attorney General Claude T. Reno had ruled that the 162-mile \$70,000,000 turnpike came under the provisions of the State motor code, which fixes a 50-mile limit on State highways even though it was built with some private funds and Federal aid.

Violation of the 50-mile-an-hour limit calls for a 90-day suspension of driving privileges. A reckless driving charge involves a fine. The Pennsylvania House passed a bill this week fixing 70 miles an hour as the limit for the turnpike and sent it to the Senate.

From October, when the road was opened, to March there were 260 accidents on the turnpike. State records show. Eleven persons were killed in 10 accidents.

## Memorial Proposed

Creation of a seven-man commission to arrange for a memorial to Andrew Johnson, 17th President, was proposed yesterday in a resolution by Representative Reece, Republican, of Tennessee. The memorial, if approved by Congress, would be erected here.
